

GLICO
GLIAL COMMUNICATION SYMPOSIUM

8:45 **Welcome**

Session 1 – **Glial communication in pathophysiology**

9:00 **MicroRNA regulation of enteric glia plasticity**

Werend Boesmans, UHasselt, Hasselt, Be

9:45 **Glial communication through EVs in brain tumors**

Quentin Roux, CRCI2NA, SOAP, Nantes Université, Nantes, Fr

10:15 **Glucocorticoids: new enteric gliomediator**

Valentine Moullé, TENS, Nantes Université, Nantes, Fr

10:45 **Break**

Session 2 – **The glio-vascular unit in health and disease**

11:15 **The Blood Brain Barrier**

Candice Chapouly, Institut VBHI, Bordeaux, Fr

12:00 **The properties of the brain endothelial cell in glioblastoma**

Lais Brigliadori Fugio, CRCI2NA, SOAP, Nantes Université, Nantes, Fr

12:30 **3 selected flash talks (5' talk & 3' questions)**

13:00 **Lunch**

Round Table: **How to see glia in 2025?**

14:00 **Neurovascular unit**

Isabelle Brunet, Collège de France, Paris, Fr

14:45 **Glia Imaging and complex cellular models**

Tony Durand, Malvyne Rolli-Derkinderen, TENS, Nantes Université, Nantes, Fr,
and Gwenola Le Drean, Phan, Nantes Université, Nantes, Fr

Session 3 – **The glio-vascular unit in health and disease**

15:30 **Enteric glia as therapeutic agents for brain repair: a safety and efficacy study**

Carla Cirillo, Tonic, Toulouse, Fr

16:15 **Enteric glia -T cell contact involvement in Crohn's disease recurrence**

Catherine Le Berre, TENS, Nantes Université, Nantes, Fr

16:45 **Closing remarks**

Organization Committee:

- Tony Durand, IE, Inserm UMR1235 TENS
- Julie Gavard, DR, Inserm U1307 CRCI2NA
- Malvyne Rolli-Derkinderen, DR, Inserm UMR1235 TENS
